

Eastern Snocross Tour (ESXT) Advancement Policy

Effective 2019/2020 Season

- Drivers whose primary division is Pro in either of the two previous seasons must compete in Pro in the current season unless the driver poses a danger to themselves or other competitors.
- The top 2 drivers in the Pro-Lite division may be asked by the Race Director to advance to the next division.
- Pro-Lite Drivers wishing to race Pro division may do so in addition to the Pro-Lite classes, but after 3 podiums (top 3 placements in the Pro) will be forced to move into the Pro division. Driver may opt to take one week of points with them.
- Minor Sport drivers may not advance to Pro-Lite without completing advancement paperwork. Top 3 in points in the Sport division will have an opportunity to run one Pro-Lite class in addition to their Sport class, but after 3 podiums (top 3 placements in the Pro-Lite class) will be forced to move up to the Pro-Lite division. Driver may opt to take one week of points with them.
- An Upper Junior rider (ages 14-17) may advance ONLY with the written permission of Race Director. The rider must advance up the classes in a natural progression if he/she is granted the permission to run in higher classes. He/she must compete in at least one event in an age appropriate division before becoming eligible for advancement.
- A junior racer who has advanced to the Sport division may also race in Junior 16–17 class. They may not race in Junior 14–15 if they have advanced to the Sport division. If a Junior racer has three top 3 finishes in the Sport Division the driver must move up to the Sport division and they may not continue to compete in any Junior classes.
- No one 13 years or younger may advance to a higher class due to insurance purposes.

At any time, the Race director reserves the right to advance or demote a driver at his/her discretion.

Before you can advance a class the Eastern Snocross Tour Race Officials must approve you. You must sign up for the race before you send in this form. Eastern Snocross Tour will evaluate your performance in your age appropriate class at the race you have entered. If you are approved by the Eastern Snocross Tour Race Officials for advancement you will be eligible to compete in that class at the next event.

Eastern Snocross Tour - Class Advancement Form

Please complete this form, including signatures of driver & parent, and mail or email it. It must be received by Eastern Snocross Tour the Tuesday prior to the race. Email form to (registration@easternsnocross.com)
